

# Game changer for Port Adelaide Plaza

A new Tony & Mark's store, plus a state-of-the-art Woolworths Supermarket, will take local grocery shopping to the next level.

Providing South Australians with the finest produce, fresh fruit and vegetables, gourmet treats and flower arrangements, the arrival of Tony & Mark's will complement the brand-new Woolworths Supermarket opening at Precision Group's Port Adelaide Plaza shopping centre in the second half of 2025.

Trevor Dill, Precision Group's chief operating officer said: "Precision Group is pleased to announce a partnership with one of Adelaide's most iconic brands in opening their ninth store. This latest addition of Tony & Mark's and Woolworths Supermarket adds to the existing 70-plus specialty retail stores and services, Aldi Supermarket and the new Big W, which opened in November 2024."

Tony & Mark's owners, the Capobianco family, have built a successful business over more than 46 years, based on strong family values and customer service. The 500sq m store at Port Adelaide Plaza will deliver exceptional quality fresh products and provide outstanding customer service. Tony & Mark's is well known

for its super fresh fruits and vegetables, a great selection of gourmet brands, pre-made platters and beautiful arrangements of fresh flowers.

The new 5,000sq m state-of-the-art Woolworths Supermarket will be stocked with Australian fresh fruit and vegetables, quick and easy dinner ranges, and products perfect for entertaining. This is backed by a great range of everyday essentials for a grocery shop tailored to meet the needs of the local community.

Sustainability features of the store include more than 800 solar panels and trolleys made from recycled materials. There will also be a six-bay Direct to Boot service.

Locals will have a high-quality and convenient shopping experience at their doorstep with the addition of Tony & Mark's and Woolworths Supermarket together with Bakers Delight, Creative Poultry, Home Fresh, Liquorland, OMG Decadent Donuts and SA Gourmet Meats.

"This development is part of our ongoing investment for the residents of Port Adelaide, and we look forward to

servicing the community for decades to come," said Edmond Krecsik, Precision Group's SA leasing executive.

Other retail and services opened in the last 12 months include: Adelaide Cosmetic & Laser Clinic [July 2025], Amplifon, Cadence Physio & Pilates, Clinpath Pathology, Lavish Café, Pop Phones, The Port Dental Care, Uncle Gino's Barbershop and Wendy's Milk Bar.

Port Adelaide Plaza is well-served by public transport and caters to a main trade area population of 132,400. For drivers, there are plenty of parking options, including 900 spaces, with 250 of them undercover.

Whether you are a small business starting out, or a successful trader experiencing growth, if you are interested in exploring opportunities for your business at Port Adelaide Plaza, the dedicated leasing team can find the right solution for your business.

With fresh food, casual dining, health, beauty and everyday essentials, Port Adelaide Plaza is your ultimate shopping and lifestyle destination.
